

# THE NEW FACES OF *MODERN* MANUFACTURING

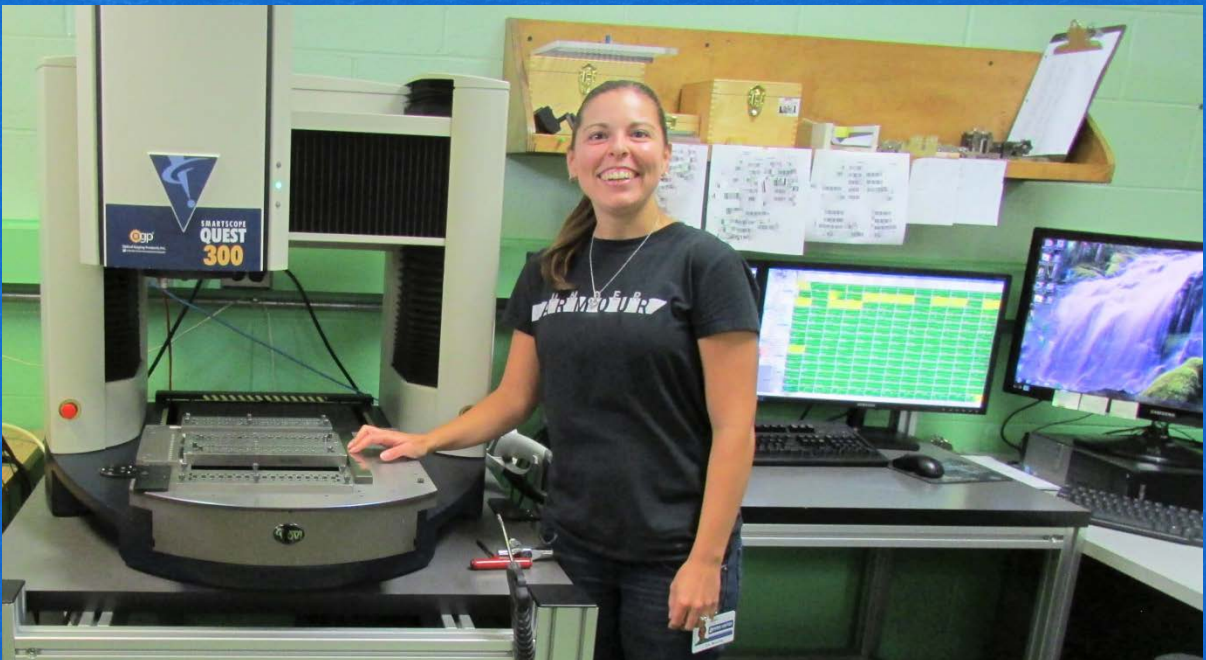

**Name:** Erin Foster-Macurdy  
**High School:** Freeport High School  
**Job Title:** Apprentice – Quality Technician

**Coollest thing about your job:** Working with my co-workers to figure out why a part is bad. Then working together to fix the problem and make a better part.

**Hobbies:** I enjoy bike riding, walking my dog in the woods and reading murder mystery novels.

**Career Goals:** To continue learning and doing my job to the best of my ability.

**What did you want to be when you were a kid:** I wanted to be a nurse. I have a nursing degree in radiology science. Then I started working at Penn United, liked it, and decided to make this my career.
