

# BC3 Business & Industry Training

## Blueprint Reading Fundamentals

Learn to read, interpret, and apply universal standards and symbols for 2D and 3D objects in the manufacturing industry. Blueprint reading and sketching concepts include dimensions, fits, tolerances, and GD&T.

### Schedule

Starts April 1 – May 1  
Mondays & Wednesdays  
6:00 p.m. to 9:00 p.m.  
BC3 Main Campus

### Registration

\$1,100  
(including textbook)

### Contact

Kathy Strobel  
Coordinator of Business Training
