

Business and Education Directory Information

We need your help! As part of Butler County Manufacturing Consortium's outreach to the business and education communities, the consortium is compiling a directory of businesses willing to participate in the advancement of today's youth. The purpose of this directory is to provide a connection for youth and schools interested in job shadowing, industry tours, educator in the workplace, classroom presentations, career fairs, internships, or anything else that the organization might be willing to do. Please complete the all the requested information below and e-mail it to msalony@tricountywib.org or fax it to 724-282-4896.
