

THE NEW FACES OF **MODERN** MANUFACTURING

Name: Mark Rice

High School: Butler High School/Butler Vo-Tech

Job Title: Apprentice- Machinist

What are your hobbies now:

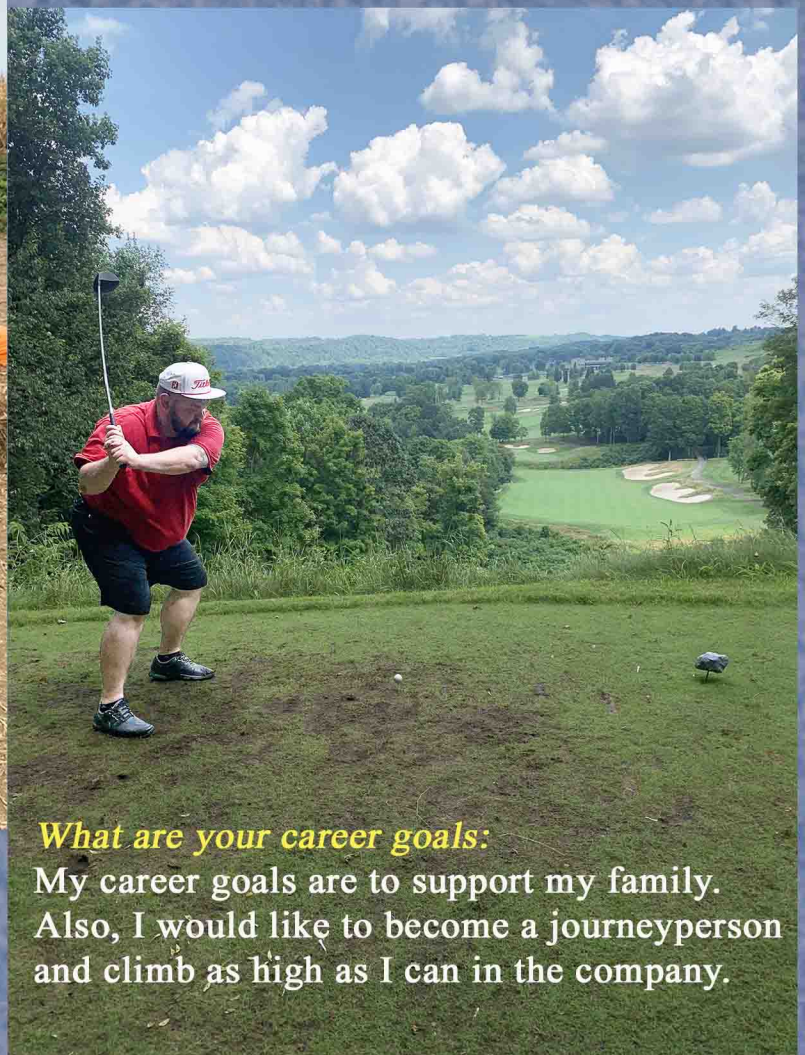

I enjoy golfing, cooking and playing with my daughter.

What is the coolest thing about your Job:

I would say the coolest part of the job is the instant gratification of watching a part go from rough core to the shiny finished product the customer sees.

What did you want to be when you were a kid:

I always wanted to be a NFL star or a WWE superstar.

What are your career goals:

My career goals are to support my family. Also, I would like to become a journey person and climb as high as I can in the company.
